

Planning & Implementation Community Engagement Session

Baker Lake – November 26, 2026
Meadowbank Post-Closure Wellness Strategy

Venue: Community Hall
Date: November 26, 2026
Time: 6:00pm – 10:00pm

Why is KIA Holding This Consultation?

- As part of the Inuit Impact Benefit Agreement (IIBA), signed in 2011, Agnico Eagle Mines (AEM) provided funds of $1Million to KIA through the Post-Closure Wellness Fund
- The agreement requires KIA to apply these funds toward a community project that benefits Inuit residents of Baker Lake
- Community input is essential to ensure funds for proposed projects reflect and deliver meaningful long-term benefits
- Feedback gathered during the consultation will help guide the releasing the funds, as long as it meets the criteria within the IIBA
