Project Management Support

Introduction

The Department of Inuit Programs and Services of the Kivalliq Inuit Association in Rankin Inlet, is seeking to obtain paid services with an individual, or consulting firm to assist the department in providing overall project management support, & program event planning and coordination, for various projects in the 2019-2020 fiscal year, which include, but are not limited to the following upcoming programs/projects;

- Kivalliq Youth College/University tours
- Entering the Traditional Economy pilot project
- The Kivalliq Employment for Youth Success (KEYS) Project
- Kivalliq Career Fair coordination

Our department is looking for an energetic, self-starter, who possesses program and project management experience, to provide direct oversight to deliver successful program deliverables within budget and on schedule to Kivalliq communities.

KIA is flexible in entertaining submissions from individuals, companies, or firms willing to provide services from Kivalliq communities on a remote service contract, or stationary placement in our offices in Rankin Inlet, hours of work are flexible, however the expectations on deliverables are firm. Travel to Kivalliq communities may be required, and will be covered by the Department.

Submissions will demonstrate your plan on delivering program requirements on an hourly, daily or monthly payment schedule, and shall include a letter of intent, as well as a detailed resume describing your qualifications and program management experience.
