## **Information to assist you when applying to the Canadian Northern Economic Development Agency (CanNor) Entrepreneurship and Business Development Program**

---

1. EBD supports opportunities that help Aboriginal firms grow in regional, national or international economies. Before completing your EBD Application Form, we strongly recommend that you refer to the literature available from CanNor so that you can discuss your project in detail.

Program materials are available at each of the Entrepreneurship and Business Development delivery offices listed on the previous page or online at [www.CanNor.gc.ca](http://www.CanNor.gc.ca)

Note: This material is provided for information purposes only. Specific questions concerning eligibility and program criteria should be discussed with a development officer.

2. In order to determine eligibility, and to assess your request for financial assistance, CanNor is authorized to collect limited personal information, including the following:
  - We require documented proof of Aboriginal ancestry of applicants to confirm eligibility for the program.
  - We collect the gender of applicants for statistical purposes only, to allow us to report on the demographics of our client base.
  - We collect the date of birth of applicants to establish their eligibility for youth entrepreneurial support and to facilitate the completion of a credit check that may be required as part of our assessment.
  - We collect the education/experience of applicants to help us assess their collective business and management experience.
  - We collect personal financial information of applicants to help us assess their ability to contribute capital and obtain commercial funding.

All information provided as part of this business proposal is subject to the provisions of the Access to Information Act and Privacy Act, and will be treated accordingly.

All personal information collected will be retained for six years from the project completion date and transferred to National Archives of Canada for selective retention. To access your information, please contact us.

3. If your project is approved for a financial contribution under Entrepreneurship and Business Development, it may be subject to the Government of Canada's proactive disclosure reporting requirements. This means that certain information about your authorized contribution (excluding any information for which disclosure would be prohibited under the Access to Information Act or the Privacy Act) could be posted on the Treasury Board Secretariat of Canada's external Web site.

Please speak to a development officer for more information.

4. CanNor and its clients are required to adhere to the provisions of the federal Lobbying Act.

For example:

- No contribution may be offered to an applicant that, for the purposes of his/her/its application for financial assistance, has retained a lobbyist that is not in compliance with the Lobbying Act.
- No contribution may be offered to an applicant that has retained a lobbyist for a commission, contingency fee or any other consideration that is dependent upon the execution of the Agreement.
- For the purposes of these requirements, three categories of lobbyists are defined:
  - consultant lobbyists paid to lobby on behalf of a client, e.g., government relations consultants, lawyers, accountants or other professionals who provide lobbying services for their clients;
  - in-house lobbyists employed by persons (including corporations) and partnerships that carry on commercial activities for financial gain;
  - in-house lobbyists employed by non-commercial organizations such as advocacy groups, and industry, professional and charitable organizations.

Please note that all lobbyists must file a return with the Office of the Commissioner of Lobbying. The examples cited above illustrate the kinds of issues involved, but do not cover all of the requirements. For additional information and to ensure compliance, please speak to a development officer, or visit the Office of the Commissioner of Lobbying
